NEW! Specifically Tailored to Three Separate Stages of Learning

One of the world's most comprehensive learning resources has now been updated. School's can now utilise three age-specific homepages within *Britannica Online School Edition*. These separate homepages are designed for Primary, Secondary and A-level and above students. This ensures students achieve the search results that suit their stage of learning. Combined with the hundreds of printable and online learning activities, Britannica Online School Edition is a valuable resource to have in the school.

Updated! Video and Media

View over 27,000 graphics plus 3,300 animations, audio clips, and videos with material covering Winston Churchill, Central Europe: Geography, The Internet and more.

Web's Best Sites

Access to thousands of Web sites selected by Britannica for additional quality information.

Current Magazines and Headlines

Locate up-to-date information about classroom concepts and current events topics.

Quick-click Dictionary and Thesaurus

Instantly define words in any *Britannica Online School Edition* article with *Merriam-Webster's* pop-up *Student Dictionary* and *Thesaurus*.
